IJP INTERNATIONAL JOURNALISTS' PROGRAMME PREMIUM GRANT FOR ALUMNI IN 2018

IJP International Journalists' Programme in close cooperation with the "Alfried-Krupp von Bohlen and Halbach-Stiftung" aims to address exclusively the alumni of the Asia-Pacific-Programme who have been to the PR of China/Hongkong or who came from the respective country to work in Germany as an IJP-Krupp fellow. This comprises the time frame 1996-2016. The grant is entirely funded by the "Alfried-Krupp von Bohlen und Halbach-Stiftung".

The programme offers a unique chance to intensify the formerly gained experience and knowledge about the two countries, to renew personal contacts and establish a long lasting relationship amongst the alumni of this network.

This grant encourages individualized research on a certain topic chosen by the applicant himself/herself. We expect intense curiosity, creativity and desire to delve into questions facing the respective society or finding a new approach for a better understanding of the different cultures.

The programme wishes to foster a group of journalists being aware of their responsibilities in their respective environment/society and understanding itself as a period to reflect about personal achievements and future career developments.

The successful candidate will receive a lump sum of € 3600,- for related travel, housing, insurance and living expenses either in Germany or China. The fellowship allows an individual timing of the 2-month stay in 2018. Fellows will rely mostly on the vast network of the IJP alumni. Part-time assignments at media outlets can be provided, but it is expected that the eligible candidates work on an independent basis.

Application documents should comprise:

- cover letter addressing the current position and development of the applicant's career since having attended our fellowship program for/from China and/or Taiwan
- current CV with passport size picture
- list of publications during the past 6 months
- letter of recommendation from the present workplace
- description of the future goals
- an essay of minimum 1000 words comprising a detailed outline of the research project the candidate wants to pursue

Applications to be addressed to:
